Remove All Staff

When a user clicks the 'Remove All Staff' button, CaseView will show a modal window so the user can confirm the action.

Remove All Staff   ✕

❓ Do you want to remove all staff members from this group?

| Remove All | | Cancel |
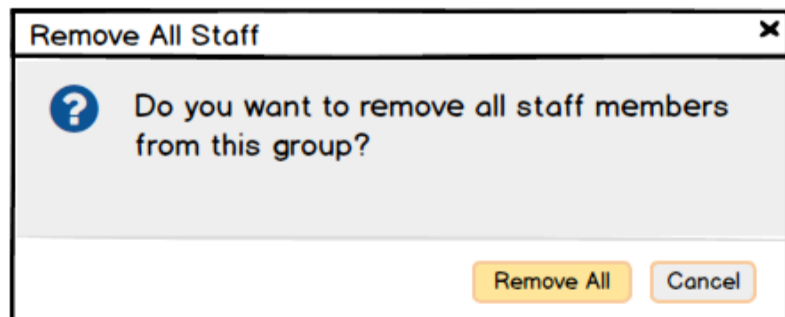

Remove One Staff Member

This action is very easy to undo. When a 'Remove' button is clicked:
· Remove the staff member.
· Do not show a modal to confirm the action.

Add Staff

When a user clicks the 'Add Staff' button, CaseView will open the 'Add Staff' modal window.
· The modal will always be empty when opened.
· A staff member can only be entered once in the multi-select input box.
· A staff member can only be entered once in the 'Staff Member' table.

Add Cases

Cases are "Restricted" to "Staff Groups" on the 'USAO Overview' form. The form is displayed when opening a new case, adding a new court record, or editing an existing court record.

To restrict a case to a staff group, you must first be a member of the staff group.

Remove Staff Group from One Case

When a user clicks the 'Remove' button, CaseView show a modal window, so the user can confirm the action.

Remove Staff Group ✕

❓ Do you want to remove this staff group from the case?

Remove   Cancel

Remove Staff Group from All Cases

When a user clicks the 'Remove Group from All Cases' button, CaseView will show in a modal window. The modal will display a warning message, and a checkbox.

To reduce errors, the 'Remove' button will be disabled until the checkbox is selected.

Remove Staff Group from All Cases ✕

⚠ Warning! This is difficult to undo.

To restrict these cases to this staff group again requires a member of this group to find each case and reselect this staff group.

☐ Remove this staff group form all cases

Remove   Cancel

Restricted Field
When the last staff group is removed from a case, the 'Restricted' field should be set to "null".
